

Best Practices in ETC Department

- ICT based effective teaching learning.
- Encouragement for Self Learning by motivating students to register on SWAYAM NPTEL Portal and by giving Quality home assignments.
- Training on Soft Skills and Aptitude to the students to make them more employable.
- The Department has encouraged students to pursue internships during the vacations and acquire necessary problem solving skills.
- Encouragement for Co-curricular and Extra Co-curricular Activities. (tech fests, project competition, paper presentations and idea and innovation contests)
- The Department regularly arranges Industrial visits for the students, This experience that help students to gain information regarding functioning of various industries and This presents the student with opportunities to plan, organize and engage in active learning experiences outside the classroom.
- Frequent Parents Meet are organized to take the regular feedback about the progress of their ward and to aware them about overall development of the institute.
- Allotment of Teacher Guardian for students for mentoring & counseling.
