Chhatrapati Shivaji Maharaj Jayanti.....

Chhatrapati Shivaji Maharaj Jayanti is being celebrated as the birthday of Chhatrapati Shivaji Maharaj, which is a grand occasion of the state of Maharashtra. Every year on 19th February his birthday is celebrated on a grand scale and he is remembered as God Shivai by the people of Maharashtra. Chhatrapati Shivaji Maharaj is not only a legend from the history of India but is a hero for the people of Maharashtra and also for the whole nation.

Chhatrapati Shivaji Maharaj Jayanti.....

Chhatrapati Shivaji Maharaj Jayanti Celebration on 19th Feb. 2019.

Chhatrapati Shivaji Maharaj Jayanti was celebrated in MIT campus on 19th Feb. 2019 with lots of zeal and enthusiasm. Advocate Mahesh Muthal was the chief guest for the function. He discussed the life, Struggle and achievements of Chhatrapati Shivaji Maharaj. The function concluded by playing of drums by students.

Entrepreneurship Development Training Program

“15 days E-Learning Entrepreneurship Development Training Program” was organized 31st January 2019 by MIT, Aurangabad in collaboration with Ministry of Micro, small and medium enterprises (MSME). NIESBUD and NEDC were the collaborative partners for execution of the program. On 31stjanuary physical workshop was conducted by chief mentor of NEDC Mr. A Din Pangotra (Mr. Dinesh Kumar).

For inauguration of this workshop renowned industrialist Shri Ram Bhogale ji was invited as chief guest. Program was inaugurated in presence of Hon'ble D.G. Prof. Munish Sharma and Hon'ble Principal Dr. Nilesh G. Patil. This program was arranged to create awareness about current status of employment and the need of entrepreneurship.

Entrepreneurship Development Training Program

Continued.....

Contents of Workshop :

How to prepare your self for taking loan from Bank. Marketing of Products.
How to become a successful Entrepreneur. Project profile/report.
Entrepreneurship Memorandum form. Government schemes, subsidies & institutional help.

A guide to self employment How to raise finance.

The Projects those are in demand. How to prepare for DPR Risk & Vision.
Hand holding and initial important steps for the entrepreneurs in India...Success Story.

The co-ordinating team for the program :

- | | |
|---------------------------------------|--------------------------------|
| 1. Prof. K. C. Raipurkar (Mech.Engg.) | 2.Chintal. P. L (MCA) |
| 3. S.T. Patil (CivilEngg.) | 4.Ms. SumedhaBorde(ETCEngg.) |
| 5. Bharat Chaudhari (C.S. Engg.) | 6. Ms. Sheetal Muley(EE.Engg.) |
| 7. Ms. Chitra Shinde (Architecture) | |

Departmental Achievement.....

Department of Civil Engineering

Recognition as a “**Research Centre in Civil Engineering**” by **Dr. Babasaheb Ambedkar Marathwada University** on dated 02/02/2019 from the Academic year 2018-19 for 3 years
Coordinator of Research Centre is Dr. M.S.Dixit

Technical Events

Department of Electrical Engineering

Tech Electra 2k19

Annual Technical Event “Tech Electra 2k19” was conducted for EE Department on 6th and 7th March 2019. The event was inaugurated in presence of the Chief Guest Mr. Kanka Mukhopadhyay, Production and R&D Head EMC Electroplast, Principal, Dr. N.G.Patil , Vice Principal Dr. A Sayyad, HOD, Dr. S.M.Badave, Faculty Coordinator, Prof. S.S.Kohli. This year the events included were workshop on PLC, Technical Rangoli, Poster Presentation, Epitome, Master Chef, Charizma, Aperture, Open Mic and various fun games. Overall 300+ participants participated from various engineering colleges. The event was successfully conducted.

Department of Electronics and Telecommunication Engineering

“e-NEXPLORA 2K19”

“e-NEXLORA 2K19” event arranged from 28TH Feb to 2nd March 2019, for Students to enhance overall skills like team work, personal development thereby increasing their confidence. by arranging this activity, we are also planning to develop the social aspect of the students. This fest is one of a kind as it has technical as well as non-technical events. Around 15 different events arranged for Electronics and Telecommunication engineering students from various colleges in Aurangabad region. 180 students were part of this fest. Students get exposure of the technical field and get a chance to enhance their knowledge.

Objective of workshop -

- The aim is that students should learn the lessons of leadership, team work, team building, working in challenging and stressful circumstances.
- Students should learn to work in a team and build decision making power .
- By providing this platform students can share their ideas in technical and nontechnical world.
- Visit to orphanage and interactions with orphanage children will build students social aspect.

Department of Electronics and Telecommunication Engineering

“e-NEXPLORA 2K19”

Day one : 28th Feb., our students and five faculty members visited Bhagwan baba orphanage to inbuilt social aspect of students. For orphanage children's (near about 105 children's) various activities were conducted .Also donated necessary and useful fund to orphanage children (students donated notebooks, pens, pencils, colours boxes). Activities conducted were :

- Dance, Fun Games, Painting, Colouring
- Rapid Fire round (Brain Storming Session, GK quiz)
- Food and Donation Collected by students

Day two : 1st March, various Technical and nontechnical activities were conducted, like:

- Circuit Frenzy, Component Identifying, Technical Quiz
- Sketch Master, Rodies, Video Clipping
- Snap-O-Race, Brain Twister , Fun Games: -PUBG, Musical Chair, Lingorcha

Day three : 2nd March, price distribution and extra curriculum activities were arranged like:

- Self-defence activity for girl students by **Lata Kalwar ,National coach.**
- Without Gas cooking techniques for students (more than 30 items) by **Agrawal Madam**

Technical Events

Department of Electronics and Telecommunication Engineering

“e-NEXPLORA 2K19” glimpses.....

Department of Computer Science and Engineering

“CYBERNETICS 2019”

Cybernetics 2019 was a state level event organized by the Computer Society of India, MIT Student Branch, Aurangabad, from 25TH Feb to 26TH Feb 2019, with the theme of ‘Patriotism’. The students of MIT, Computer Science and Engineering department, from the final year, third year, as well as second year all contributed to the success of the convention by organizing various technical events.

The students from various colleges in Aurangabad Region, participated in different activities like App Explora, Tech Guard, Techno Hunt, Debug me, Tech-nightstick, Speak-up Engineer, Filmy Keeda, Incredible Aurangabad, Memerz.

Objective of workshop -

- To enhance the organizational skills of students.
- To teach the students the skill of event management and leadership.
- To gather innovative ideas through games and fun activities.
- To make students explore their co-curricular and extra-curricular skills.

Department of Computer Science and Engineering

“CYBERNETICS 2019” glimpses.....

1. App Explora

Exploring of an application. Study/Analyze an app and give a presentation about it.

The aim is to explore an application which is not popular but useful enough to create awareness among people.

2. Debug Me

A programming event which will test basic concepts and programming skills of an individual.

3. Incredible Aurangabad

Aurangabad, a historic city in the state of Maharashtra. It is considered as the pride of Maharashtra because of its great Historical monuments and places. The purpose of the event is to capture Aurangabad's INCREDIBLE features in the form

4. Memerz

The popularity of memes is huge and increasing day by day with high rate. Today memes have become a source of income for a lot of memers.

This event will test the participants sense of humor, creativity and the connect with audience.

Technical Events

Department of Computer Science and Engineering

“CYBERNETICS 2019” glimpses.....

5. Filmy Keeda

An event full of entertainment. Totally based on typical bollywood drama/movies.

6. Speak-up Engineer

An event which will explore the inner talent of an individual and help them boost up confidence within themselves. Contestant can explore their mic skills, stage skills, creativity, etc.

7.Tech Guard

We all are aware about how t computer and network security are important in this era as well as in the future. This event will basically test security skills of an individual through powerpoint presentations

8. TECH NIGHTSTICK

The event was set up in a fascinating environment. The participants were given tokens and they could play any games based on C, C++, general knowledge.

9. Techno Hunt

An event full of adventure and fun. What to do? Understand the clue and solve them.

Technical Events

Department of Architecture

“ MoZaic 2K19”

DATE : 28th February 2019 – 2nd March 2019

PLACE: Dept. of Arch, M.I.T, Aurangabad.

Mozaic 2K19, a techno- Cultural event was a three day event and was organized with Expert talks, 2 day Bamboo workshop, Alumni meet with interaction session for final year students, Exhibition of students work of Academic and extra curricular works and fresher's day celebration.

Day one: 28th Feb. 2019 various expert talk and workshop were conducted,

Bamboo Workshop by **Ar. Yoga Rajpal Singh;**

Expert talk by **Ar. Vishal Shah** about his journey in architecture;

and presentation by **Ar. Aniruddha Naik** following north.

Ar. Vishal Shah and Ar. Yoga Rajpal Singh both are Alumni of Dept .of Architecture

Technical Events

Department of Architecture

Day two: 1st mar 2019 – for our next day we have continuation of bamboo Workshop by **Ar. Yoga Rajpal Singh**, Expert talk by **Ar. Ajay Kulkarni**, eminent architect of Aurangabad city. And Expert talk by **Ar. Vaibhavi Ayre** on unlearning architecture.....a constructive process.

Day three: 2nd mar 2019 the last day was dedicated to fun and celebrations with fresher's competition and alumni meet. Different activities were conducted like:

- Fresher competitions
- Alumni meet & students interaction
- Exhibition

Technical Events

SAKSHAM- An initiative by BPCL

SAKSHAM- An initiative by BPCL to bring awareness about energy efficiency and energy saving was conducted on 9th February 2019. A session was delivered by State Level Coordinator of BPCL.

Students of Third Year and Final year attended the program and discussed with the speaker thoroughly about the ways to save energy and possible solutions. Students learned about the efficient ways to use energy.

Industrial Visits

Department of Electrical Engineering

Industrial Visit to Testing Division, MSEDCL, Aurangabad

The Testing Division lab was visited on 16.3.2019, by 42 students of TE Class. The testing of single phase, three phase, whole current and TOD meter is carried out manually as well as remotely was detailed. Standard meter used for automatic testing of TOD & single phase, 3 phase meters were explained.

Industrial Visit to Diesel Loco Shed (Pune) Gayatri Engineers (Pune) Wind Power Plant (Supe)

Between 28th February to 02nd March 41 BE students visited the following plants:

- In Diesel Loco Shed following parts were explained:
 - Locomotive Engine
 - DC Series Motor
 - Alternator
 - Auxillary generator
 - VCD (Vigilance control Device)

Industrial Visits

Department of Electrical Engineering

Industrial Visit to Diesel Loco Shed (Pune) Gayatri Engineers (Pune) Wind Power Plant (Supe)

- Gayatri Engineers - Fundamental of power electronics and control system and the devices manufactured in industry were explained.
- In Supe Wind Power Plant the tower HT yard, Nacelle Generator and Gearbox and controlling of plant in control room was explained.

Industrial Visits

Department of Electrical Engineering

Industrial Visit to Nasik Thermal Power Plant

58 Students from SE Class visited the Nasik Thermal Power Plant. The students had acquired knowledge regarding how coal is used as a fuel in thermal power plant, various coal handling and ash handling process, the process of generation of steam from boiler.

The working of turbines and alternators, condensers, cooling towers etc. The overall stages in generation of electrical energy in thermal power plant were demonstrated.

Visit

Department of Architecture

“VISIT at Sawantwadi”

Date: 02nd Feb. 2019 – 05th Feb. 2019

Purpose of visit was to study the Architectural elements, to understand the spatial organization of existing scenario, to study and understand the housing and workplace of wooden toy craftsman and process of making dwellings and shops of Sawantwadi.

The tour was organized for 4 days inclusive of travelling. The tour started on 1st February from Aurangabad and returned on 5th February 2019. The students were divided in groups according to the different tasks and aspects to study and document.

Day 1: The students and faculty visited different places of Sawantwadi i.e. Royal Palace, Shilpagram and evening at Moti Lake with “Tutari Sculptor” with seating’s to interact and share thoughts and beautiful night view of Lake.

Day 2: Students were divided into the groups under different tasks like,

- Measurement drawings of houses of craftsman, Shops, Factories/ Workshops, Royal palace, etc.
- Sketching and Photography of different places under different aspects of the study.
- Observation and interaction with local people involved in wooden toy making process.
- Visit to nearby villages, Kolgaon and Kudal to study the same.

Visit

Department of Architecture

Continued...

Expert talk was arranged for students to interact with the reporter, who gave information about Sawantwadi and different art's currently practicing there. He also briefed about the past, present and future scenario of wooden toys making and craftsman.

The students were introduced the techniques of taking measurements on site. Also they took detailed measurements of architectural features of the Dwellings, shops, Palace such as the Columns, Chatri's, the roofing patterns, bracket designs, etc. Students also did live sketching with different techniques and coloring methods at different locations at different timings. 44 students and 4 Faculty coordinator's (Prof. Swapna Dhavale, Prof Vinaya Vaidya, Prof. Anupama Morankar, Prof. Gauri Chatupale)

Subject: Architectural Design-III

Workshops.....

Department of Mechanical Engineering

Student Bootcamp on “AUTODESK – Fusion 360” for academic year 2018 – 19

Three day Bootcamp, dated on 28th, 29th, 30th January 2019 on “AUTODESK – Fusion 360” was arranged by Mechanical Engineering Department of Marathwada Institute of Technology, Aurangabad.

This program was organized with the objective of introduction to “Fusion 360” software. The training was delivered by Mr. Rajesh Yadav and Mr. Badari Hiriyur from AUTODESK Company. Total 51 student attended this bootcamp. Students came to attend this program form 10 different colleges including Marathwada Institute of Technology, Aurangabad. Certificate distribution was done by Dr. N. G. Patil and Dr. S. V. Lahane. The overall Programme rating was excellent.

Workshops.....

Department of Civil Engineering

1. Y. D. Shermale attended one day workshop on NPTEL awareness on dated 1st December 2018 at CSMSS College of Engineering, Aurangabad.
2. Dr. M.S.Dixit attended two days national workshop on Inclusive Technical Education in National context: Challenges and Solution -2019 at SRTMU, Nanded on dated 11 and 12 Jan.2019.
3. Y. D. Shermale attended one day workshop on Autodesk-BIM on dated 2nd February 2019 at CSMSS College of Engineering, Aurangabad.
4. Dr. Mohd.Ishtiyaque, Assistant Professor in civil Engineering completed Ph.D on the topic "Fracture properties of concrete reinforced with mixed fibers" on dated 20/08/2018
5. Dr. Wasim Razvi, Assistant Professor in civil Engineering completed Ph.D on the topic "Behavior of short RCC column using Ferromesh" on dated 20/08/2018
6. Dr. M.N.Mangulkar received a grant of minor research project of Rs. 35000/- from Dr. BAM University, Aurangabad on dated 29/01/2019 for one year
7. Dr.M.N.Mangulkar received a Permission for holding National/International/State level/Workshop from Dr. BAM University, Aurangabad on dated 31/12/2018 for one year grant received is Rs. 20000/-

Expert Talk.....

Department of Civil Engineering

Expert Talk on “Personality Development & Managerial Skills” By Er. N.A. Joshi (Ex-Member MSEB)

Expert talk was arranged for TE and BE students on “Personality Development & Managerial Skills” By Er. N.A. Joshi (Ex-Member MSEB) on dated 27th Feb. 2019. He brief about

- 1) How our personality Develop with understanding our self.
- 2) Evaluate what traits we see in our self, and what needs improvement.
- 3) Identify and focus on the positive personality traits that strengthen our confidence, openness, perseverance, kindness, and humility.

Department of Computer Application(MCA)

Webinar on “Image Processing Made Easy”

Webinar on image processing was held on 27/02/2019 for FYB.voc students.

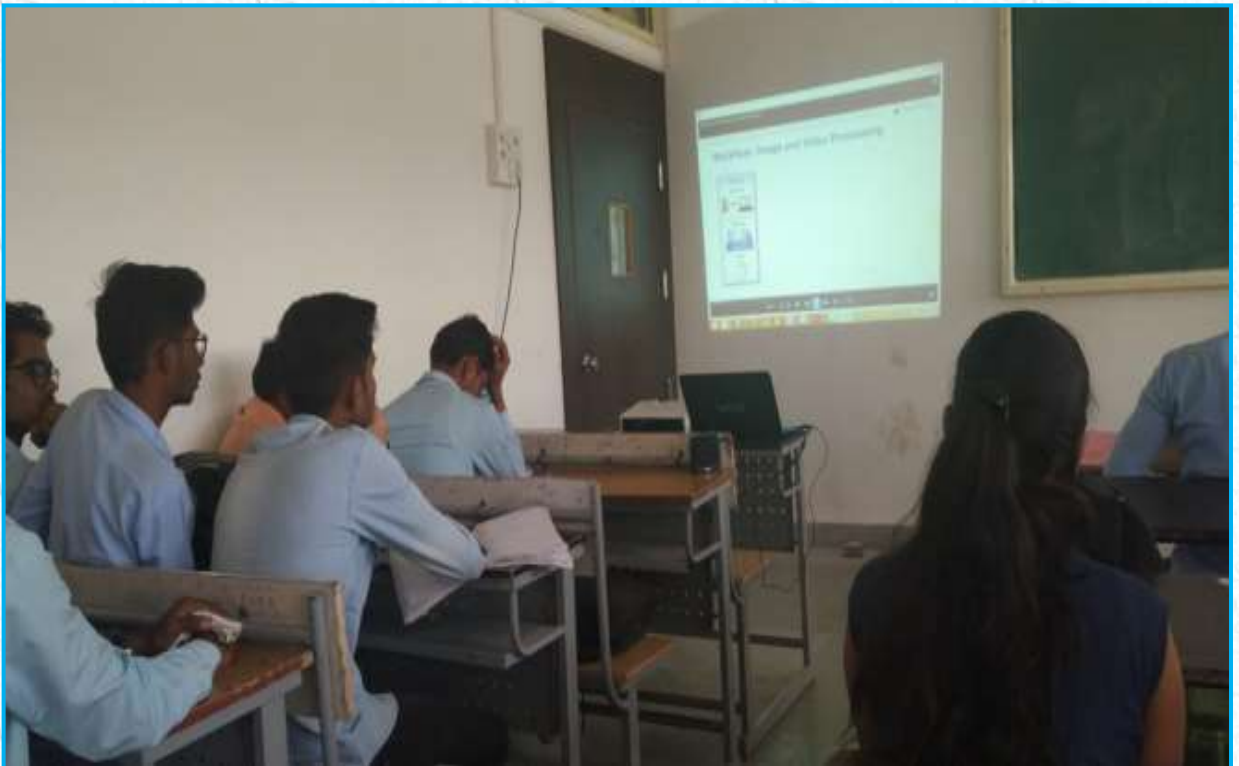

The session was presented by prof. Andy Holds.

The webinar was coordinated by Dr. Mahedra Kondekar.

In his online presentation he highlighted on:

Fundamental of image processing using MATLAB tool.

- Image Enhancement - removing noise and sharpening an image
- Image Segmentation - isolating objects of interest
- Image Registration - aligning multiple images from different camera sources

Faculty Participation.....

Department of Civil Engineering

V.R.Upadhye and **A.P.Jaiswal** attended one week QIP STTP on “Recent Advance in Structural Dynamics” organised by Department of Applied Mechanics of Government college of Engineering, Amravati from 18th to 23rd February 2019 .

Paper Presented/Published

Dr. M.N. Mangulkar, presented the paper titled “**Estimation of Aggregate Characteristics using Digital Image Processing**” at international conference on Reliability, Risk Maintenance and Engineering Management held during 1st and 2nd Feb. 2019 at G.H. Raisy College of Engineering and Management, Pune.

Faculty Achievement.....

Department of Civil Engineering

Dr. M.S.Dixit received the award as the **Best Professor in Engineering** at **11th DNA Innovative Education Leadership Awards** held at TAJ Land End Mumbai on dated 16 February 2019.

Faculty Achievement.....

Felicitation of NPTEL Jul-Oct 2018 Certified Faculty and Students

NPTEL Local Chapter, Marathwada Institute of Technology had organized Felicitation program of successful course participants of NPTEL online courses on 2/02/2019 at 2.30 pm. in Main Auditorium Hall of MIT (E). The program had started with welcome of President of the Event Prof.Munish Sharma Sir, Director General, MIT by Dr.N.G.Patil Sir, Principal MIT (E) after which Ms. Shubhashree Savant, SPOC, and NPTEL Local chapter had presented her preamble regarding the start of the Local chapter in the institute and presented the details of active participation of the students and faculty members in NPTEL Courses. The program then continued with felicitation of 3 Gold and 10 Toppers in their respective subject and in all 73 students and Faculty members from various departments who had performed well in NPTEL courses by the auspicious hands of Prof.Munish Sharma, Director General, MIT, Dr.N.G.Patil, Principal, MIT (E), Dr.H.M.Dharmadhikari, Vice Principal (Administration), Dr.Sayyad Ajjij Vice-Principal (Academics).

The felicitation had followed with encouraging speech by Principal Sir who has mentioned the need of online courses and congratulated the successful participants.

Prof.Munish Sharma Sir, in his presidential address appreciated the efforts of Local chapter and also congratulated the students and faculty members for their active participation in NPTEL courses.

Jul-Oct 2018	70	3	39	22	6	10

Faculty Achievement.....

Felicitation of NPTEL Jul-Oct 2018 Certified Faculty and Students

Ms.Shubhashree Savant had also taken a short session on 'NPTEL online Courses Awareness' for Faculty and the students.

The program had concluded with vote of Thanks by Prof.Chitra Shinde from Architecture Department. Ms.Nilima Ambad had compared the event. Ms. Shubhashree Savant, SPOC, Local Chapter NPTEL, NPTEL Co-coordinators from different departments including Ms. .Prajakta Nalgirkar (ETC Dept.), Ms. Nilima Ambad (BSH Dept.) , Mr. Yogesh Shermale (Civil Dept.), Ms. Rupali Mangrule(CSE Dept.), Mr. Arjun Kardile (EE Dept.), Ms. Chitra Shinde (Arch. Dept.), Mr. .Sona Waghmare (Mech Dept.) had taken efforts for the success of this program. All Head of the departments, faculty members and students were present for the program.

Creative Buzz.....

Hanged to Immortality...

14 February, One of the most popular day among Indian youths.

I wonder how many of us remember about today from the perspective of an Indian. For the ones who don't know I'll let u remember, Our beloved freedom fighter Bhagat singh, Rajguru, Chandrashekar Azad and Sukhdev were sentenced to be hanged. They were later hanged on 24 marches 1931. They sacrificed their life for all the sake of India's freedom. This may be a sentence to death but we Indians say it was an open door to immortality. As one of the famous words of Bhagat Singh, "Dil se niklegi na marke bhi watan ki ulfat. Mere mitti se bhi kushboo-e-watan aaygi." Even the death could not destroy their spirit for the Indian nation. Let this day be celebrated not mourned. Let this word spread among the Indian youth. Let the National spirit run through the blood of each and every youth. Let's all work together for the prosperity of India.

Let their sacrifice not be in vain. Let us not only remember them today but each and every day.

Let 365 days of the year be martyrs day. May their soul rest in peace in their hope of a free and prosper India which we will fulfill, but still be immortal in our memories. For not their death, but for the sacrifice they gave, we salute you.

Jay hind.

Inqulab zindabad.

Shiv Jayanti

In what far-off country, upon what obscure day,
I know not now,
Seated in the bloom of some Maharatta mountain-wood
O king Shivaji,
Lighting thy brow, like a lighting flash,
This thought descended,
“into one virtuos rule, this divided
Broken distracted India,
I shall bind”.

How a true warrior / leader should be?

The first name which strikes everyone’s minds is “**Chhatrapati Shivaji**”
The great Chhatrapati Shivaji Maharaj is considered to be one of the greatest warriors of his time and even today. His stories are narrated as a part of the folklore. He had inspiring an enduring personality which spontaneously commanding respect, loyalty and the highest sacrifices from his devoted soldiers and peasants. He was ultimate the ultimate man of the father of freedom movement in Maharashtra and source of inspiration to the Hindu throughout India.

He believed that-“self-confidence provides strength and power impact knowledge. Knowledge provides stability and stability leads to victory. Shivaji Bhosle was born on Feb. 19 1630 to Shivaji Bhosle an Jijabai in the fort of Shivneri, near the city of Junnar of the Pune. Till date the day is celebrated as shiv jayanti with rigor and traditional styles by maharashtrians.

Shiv Jayanti

Shivaji, known for his bravery, cleverness, moral values, determination, honesty, kindness, established a royal name for himself in history with his administrative skills

He founded the Maratha empire. Shivaji led a resistance to free the Marathas from sultanate of Bijapur and established the rule of the Hindus (hindavi swarajya). He created an independent Maratha kingdom with Raigad as its capital, and fought against the Mughals to defend its kingdom successfully. He was crowned as “Chhatrapati” of the Maratha kingdom in 1674.

He believed-“freedom is a boon, which everyone has the rights to receive”. As they say leadership does not requires any training, it comes out if you have will/ambition. Therefore, for Shivaji, standing up for society was never an effort. Even if there was a sword in his hand to everyone, it is his will power that establishes a government.

Chhatrapati Shivaji Maharaj use to treat women like his own mothers and sisters with uttermost respect, this is one of the main reason behind his greatness and a true depiction of his warrior. Shivaji, was very respectful even to muslim enemies women. He had great respect to women in general. He regarded his mother as perhaps the highest personality authority.

Shivaji had very good quality, morals, skills, vision which made him people’s god. He never asked for followers, but his acts for society, for people, for swarajya made him immortal.

There are many with great standards and visions but there are only few who walk on their principles for good purpose, selfless, but for society and Shivaji, sets a true example by preserving our culture and developing feeling of patriotic in every individual that makes him unique and successful.

Jai Bhawani! Jai Shivaji!

Basic Sciences and Humanities, MIT, Aurangabad.

Version of ME...

I've bloomed unapologetically. And each and every time I've failed and I've won. I've met the version of me that I thought never existed. I've met the 3am version of me giggling and finding peace in laughter. I've also met the dreadful and vulnerable 3am version of me, the one who never accepted the process of life. I've met the version of me standing strong like a pillar in front of my fears. I've met the version of me who told it's ok to live with the flaws and embrace imperfections.

The fact is that I've never liked being entitled to one thing in life and I've met these versions of me at very young age I know, because I wanted to be in my plate, a lot more than I could take that made me miserable for years. But no matter how the circumstances changed me and my skin crawl. I've realized that all my decision gives me experience to make my story worth telling. But the most terrifying thing I've learned while growing up people leave and change. I never knew we all are going to cross paths with missed opportunities, lost love, failures and madness.

Though we all are looking to fill the voids, I hope you realize that there is more to us, to our responsibilities, to our journey. That we all are going to make countless mistakes and accountable each of them with time. We all are going to crack open and people let in, rest and walk out when they wish to. We all are going to question ourselves that what's wrong and what is missing.

But regardless the disappointment, the loss we are going find the version of us that we never knew existed. And may be all past and present versions of you convince someday to never let what wrong happened to you, define who you are in the moment. It's going to tell you that life is not a set timeline of milestones and it's okay to bloom differently.

And someday that version of you make feel liberated. And that is when, my dear, you'll learn to bloom unapologetically.

First Toy of My Childhood....

A Magic Trick...

I don't know, what was that time,
When I was told that, you have a surprise,
I was sure, that is what I want,
A Toy that always be mine...

Full with joy, happiness and all,
I was so much excited like never before,
Same like, Earth is meeting to sky,
For the last time, if world end is for sure...

And finally everything is going right,
Everything was at its peak,
But something went wrong,
And that surprise remained surprise just like a magic

मैत्री

मैत्री करत असाल तर पाण्यासारखी निर्मळ करा
दूरवर जाऊन सुद्धा क्षणो क्षणी आठवेल अशी करा

मैत्री करत असाल तर चंद्र तारे यांसारखी अतूट करा
ऑजळीत घेऊन सुद्धा आकाशात न मावेल अशी करा

मैत्री करत असाल तर दिव्यातल्या पणती सारखी करा
अंधारात जे प्रकाश देईल हृदयात असं एक मंदिर करा

मैत्री करत असाल तर निसर्गापेक्षा ही सुंदर करा
शेवट पर्यंत निभावण्याकरता मरण सुद्धा जवळ करा

आणि मैत्री करत असाल तर आमच्या सारखी करा
