

## **Expert Talk – Ar. Vigneswaran A**

Department of architecture MIT, Aurangabad organized an Expert Talk webinar for subject Landscape Architecture by Ar. Vigneswaran A on 25<sup>th</sup> September, 2021. “I, Landscape & You” was the Topic of the talk.

The invited expert Ar. Vigneswaran A. from Pondicherry has a vast experience in Landscape Architecture projects. He pursued his Bachelor of Architecture (B. Arch) from SPA, Bhopal and Masters of Landscape Architecture (ML. Arch) from SPA, New Delhi.

Initially he explained the two entities traditional landscape and modern landscape, how traditional architecture is associated with nature and its evolution. He explained the elements, colors, trees and public areas seen in landscape of Pondicherry and Bhopal.

Later Ar. Vigneswaran explained the significance of requirements and user needs. He also explained how his design process & ideology evolved through different stages of life since his childhood.

He encouraged the student to take active participation throughout the session. The session was very informative & would be very useful for the students in their academics and professional field.
