

MARATHAWADA INSTITUTE OF TECHNOLOGY, AURANGABAD

CIVIL ENGINEERING DEPARTMENT

Expert Talk on

“Physics, Civil Engineering and Research”

Expert Talk on Physics, Civil Engineering and Research by Dr. Sagar F. Lokhande Phd Institute of Theoretical Physics, University of Amsterdam, Netherland was arranged for Third Year Students on 19 August 2019, at 10 am to 11 am.

Dr. Sagar Lokhande discussed about quantum information theory in physics. He discussed how Physics plays a vital role in Civil Engineering and Civil engineering involves basic physics frequently. He discussed how to apply knowledge of physics in civil Engineering research. He also discussed how to get the admissions for research in foreign countries. Total 66 Number of students was present for expert talk.
