

MOZAIC 2K19 (28 Feb- 2 March,2019)

MOZAIC -an event was held in Architecture Department MIT, Aurangabad from 28th February - 2nd March 2019, An event which witnessed a footfall of around 200 WOULD BE ARCHITECTS from the department of Architecture, Faculty, Alumni and Parents. Mosaic is a piece of art made from the assembling the small but valuable pieces - a phenomenon of artistic sensation which arises out of what is experienced in world today. Department of Architecture, Established in 1984 is identified for notable alumni. These scattered valuable pieces were invited to attend, observe, share & eventually form the mosaic's foundation - which will be strengthened by fellow students for long period. Mozaic 2K19 witnessed the following events:
